Values

In Relation to Your Future Career

I value.....

- Family
 - Autonomy
 - Free Time
 - Tangible Results
 - Making a Difference
- “I value my family so much that I need a job that allows for me to spend as much time as possible with them.”
 - “I value making a difference in people’s lives so I desire a career that will allow me to do this continuously.”

Skills

In Relation to Your Future Career

My top 5 self motivated skills are (pg. 80-81).....

- Counseling
 - Facilitating
 - Teaching
 - Encouraging
 - Problem-Solving
- “A skill I would like to use in my future career is encouraging. As a teacher, I believe I could be very motivating to my students by encouraging them.”
 - “Another skill I possess is problem-solving. I am good at assessing a situation, seeing the big picture and the small details. I can use this in teaching or counseling as well.”

My Interests/Holland Code

My 3-Letter Holland Code is...

S for social

E for enterprising

C for conventional

- “S: for Social-I am a very social person and find myself drawn to professions that allow for me to work with others.”

Personality Strengths/MBTI

- My 4-Letter Code Is:

E: Extraversion

S: Sensing

F: Feeling

J: Judging

- “For the first letter, E, I definitely agree that I am energized by other people. As an E, a strength of mine is that I work very well with others.”

College Majors & Careers

- “I’ve been leaning more towards majoring in General Science because I want to eventually go into Nursing”
- “I really have an interest in computer programming so a major I am interested in possibly pursuing is Computer Engineering.”
